

# How to access the Faculty Alumni Database For Trainees

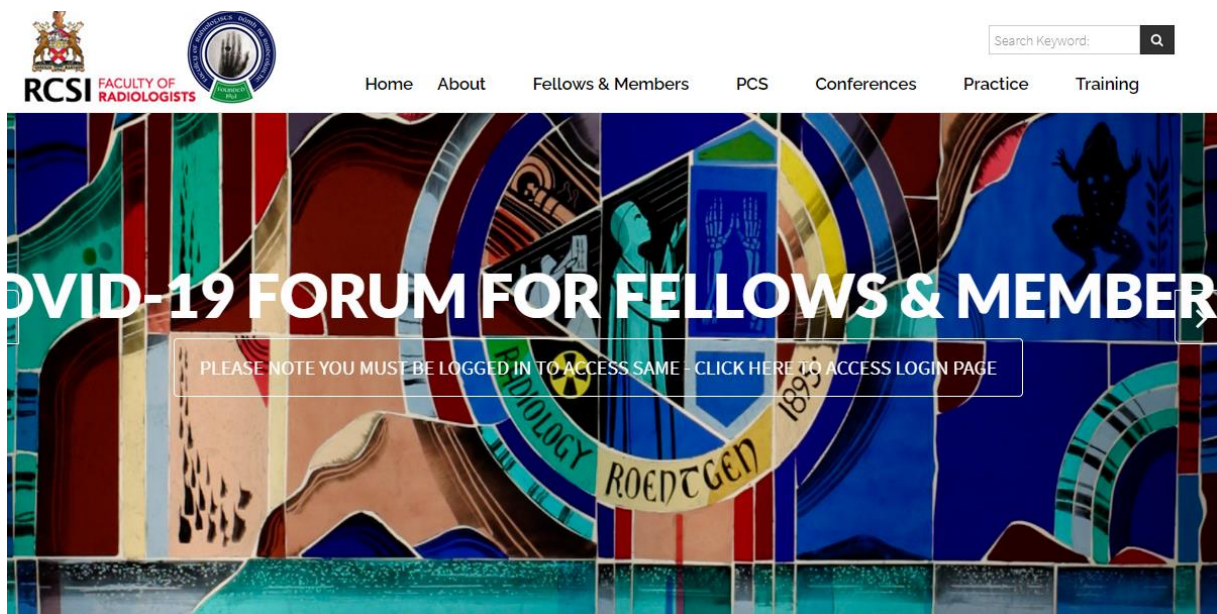

## Purpose

Trainees can now view the Faculty of Radiologists Alumni Database. The primary goal of the database is to create a comprehensive network of all radiologists who have graduated from the Irish Training programme. This is a great opportunity to find out about training in a particular subspeciality or about working in a particular city that you may not currently have any appropriate contacts in. This is a private resource for Fellows of the Faculty of Radiologists and trainees of the Irish Radiology Training Programme.

## How to access database

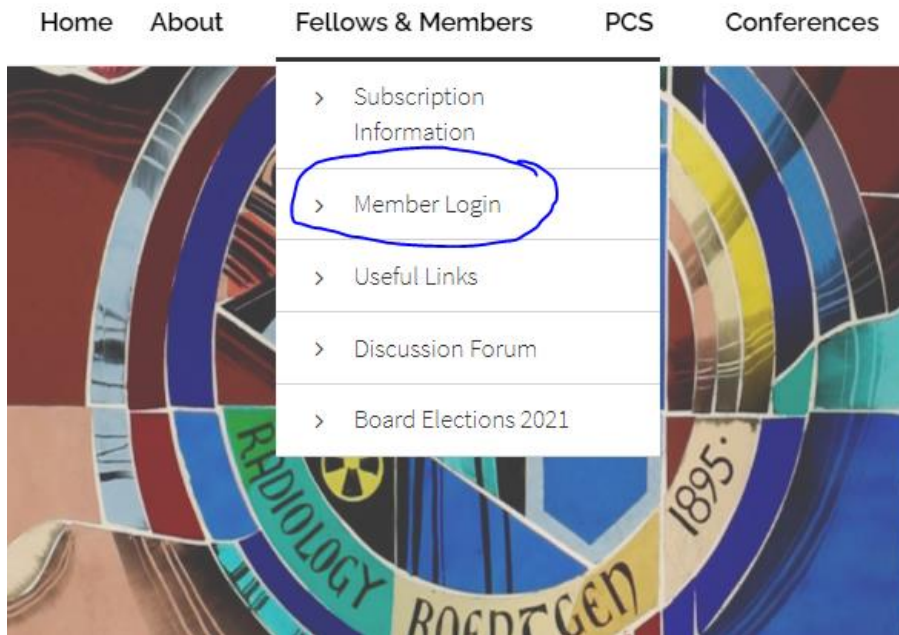

### Step 1

Go to Faculty website: [www.radiology.ie](http://www.radiology.ie)

## Step 2

Hover over the Fellows & Members tab and select 'Member Login' from the drop-down menu

## Step 3

Use your trainee username and password in order to login. This is the same username you use for Medhub. If you are unable to remember your password, you can select 'Forgot your password?' at the bottom to have your password resent

#### Step 4

Once you've logged in, you can hover once more over the Fellows & Members tab and select 'Alumni Database' from the drop-down menu.

#### Step 5

From here you can search for members by name, institution, city or simple search. You can also view everyone who is currently registered on the database by selecting 'search all'.
