

RCSI FACULTY of
RADIOLOGISTS
and **RADIATION**
ONCOLOGISTS

Faculty Statement on Physiotherapists Referrers:

01/11/2024

The Faculty of Radiologists and Radiation Oncologists is currently aware of the UCD training course for physiotherapists to refer for ionising radiation examinations.

In advance of the pending legislation in 2025, we expect that there will be Local Implementation Groups around the country to facilitate and supervise local rollout and clinical governance procedures.
